Tracing practice for the lowercase letter 'd'. The page contains six rows of handwriting lines. Each row consists of a solid top line, a dashed middle line, and a solid bottom line. Five hollow lowercase 'd's are placed on each line, spaced evenly across the row. The first row is the largest, and the size of the 'd's decreases progressively in each subsequent row.

1

Print ONE copy of the attached “cards” and cut them up. Use thick enough paper so that you can't see the words through the paper.

2

Mix up cards and lay them face down on a table or on the floor.

3

The first player turns over two cards. If the words match, he/she keeps the cards and gets to turn over two more cards. If the words don't match, the play passes to the next player, and so on until the cards have all been matched.

4

The player with the most pairs of words wins the game.
