四. 阅读理解

(A)

American schools begin in September after a long summer holiday. There are two terms in a school year. The first term is from September to January, and the second is from February to June. Most American children begin to go to school when they are five years old. Most children are seventeen or eighteen years old when they finish high school.

High school students take only five or six subjects each term. They usually go to the same class every day, and they have homework for every class. After class, they do a lot of interesting things.

After high school, many students go to colleges. They usually have to pay a lot of money. So many college students work after class to get money for their studies.

1. In America, summer holidays begin in_____.

A. September B. July C. May D. February

2. When a boy is six years old, he _____.

1. _____ 2. _____ 3. _____ 4. _____ 5. _____ 6. _____.

(D)

Most American families are smaller than the families in other countries. Most American families have one or two parents and one or two children each.

Children in the US will leave their parents' home when they grow up. They usually live far from their parents because they want to find good jobs. They often write to their parents or telephone them, And they often go to visit their parents on holiday.

Parents usually let their children choose their own jobs. Americans think it important for young people to decide on their lives by themselves.

Children are asked to do some work around their house. And in many families, children are paid for doing some housework so that they learn how to make money for their own use.

1. Please describe the composition (构成) of most American families.

_____.

2. When children grow up, why do they leave their parents' home?

_____.

3. When do they visit their parents?

_____.

4. Why do parents let their children choose their own jobs?

_____.

5. Will you live by yourself or live with your parents? Why?

_____.
