Last Thursday we went on a class trip to a farm. It was marvelous to leave the grey buildings of the city behind and see animals in the lovely green fields. To many city children, seeing animals in a field is a really fascinating experience because the only animals they usually see are pets. Such as cats and dogs. When we arrived at the farm we were welcomed by the farmer's wife. She took us all in to the huge farm kitchen and gave us some delicious pancakes she had just made. Then we watched her feeding the hens in the farmyard. The hens all rushed to get the food. After that we were allowed to go into the hen house and collect some newly laid eggs. It was so interesting. Later on, we went to the pigsties(猪圈) to see the pigs, and we went up the hills behind the farm to see the sheep to see the sheep and cows. We all had a marvelous day on the farm. Some of us even want to live on a farm one day.
